

# RenalTab Zn+D

BIOTIN

## Vitamin D

- Specially formulated for patients with kidney disease
- Used to maintain adequate calcium and phosphate concentrations in the body
- Binds with phosphate in food so it is eliminated from the body without being absorbed
- Each tablet contains 1000 IU of Vitamin D
- 180 tablets per bottle for a six month supply
- Easy-to-swallow tablets
- Formulated for rapid dissolution without the typical magnesium filler found in oral preparations
- The most competitively priced Vitamin D supplement with free shipping
- Simple, direct ordering and home delivery
- Special discount programs for Renal Centers
- Sampling program for Doctors and Dieticians
